BETTER CROPS WI

The Pocket Boo

TABLE OF CONTENTS

JANUARY 1953

Farm Budget Bothers ..... *Jeff McDermid* 3
Phosphate and Potash Effects on Ladino Clover Swards ..... *L. J. Boulet and Lucien Choiniére* 6
Commercial Fertilizer Is a Sound Investment ..... *R. A. Wasson* 15
Wisconsin's Soil Bank Balances Are Running Low on Nitrogen and Potash ..... *C. J. Chapman* 17
The Relation Between Chemical Composition of Herbage and Livestock Production ..... *M. E. McCullough and W. E. Neville* 23
People and Grass ..... *T. D. Alldredge* 25

FEBRUARY 1953

Information's Harvest ..... *Jeff McDermid* 3
Grasses and Weeds—The Potash Robbers ..... *R. E. Blaser and N. C. Brady* 6
Sixteen Years of Soilbuilding on Vermont Farms ..... *Thomas H. Blow* 11
Palatability of Plants as Influenced by Soil Treatment and Variety Differences ..... *M. J. Funchess* 15
The Diagnostic Approach in Corn Fertilizer Demonstrations in Minnesota ..... *Harold E. Jones and Leo E. Orth* 17
Sericea Is a Good Drought Crop ..... *T. C. Mauer* 21
Legume and Manure Rotations in the Western Corn Belt ..... *T. A. Kiesselbach* 23

MARCH 1953

Waiting ..... *Jeff McDermid* 3
Balanced Nutrition Improves Winter Wheat Root Survival ..... *P. E. Johnson* 6
Kudzu Keeps Growing During Droughts ..... *T. C. Mauer* 11
The Benedict Demonstration Farm ..... *G. A. Wickstrom* 15
Soil Testing in New Jersey ..... *E. R. Purvis* 19
A Rapid Test for Calcium Carbonate Equivalent in Liming Materials ..... *Seton N. Edson* 22
Deep Plowing of Sandy Soils ..... *W. M. Nixon* 23
The Florida Pasture Outlook ..... *G. B. Killinger* 24

APRIL 1953

Furrow Turning ..... *Jeff McDermid* 3
Coastal Bermuda—A Triple-threat Grass on the Cattleman's Team ..... *Glenn W. Burton* 6
Some Aspects of Fertilizer Use for Potato Production and Tuber Quality ..... *H. Hill* 11
Learning How to Make Profits from Sweet Potatoes ..... *John A. Cox* 17
The Fertilization and Culture of Rosa Mutiflora in Northern Indiana ..... *K. D. Doak* 19
The Sandy Soils of Florida Need Potash for Pastures ..... *Nathan Gammon, Jr. and William G. Blue* 25

MAY 1953

Science ..... *Jeff McDermid* 3
More Cotton on Less Land ..... *H. B. Vanderford* 6
Trefoil Is Different ..... *K. E. Varney* 13
Grassland Farming Is Planned Prosperity ..... *W. R. Thompson* 17
Fertilizers Move West ..... *T. A. Kiesselbach* 21
Common Sense Management of Southern Pastures ..... *J. H. Brooks* 24

TH PLANT FOOD

of Agriculture

January 1953 to December 1953

JUNE-JULY 1953

Adjustments ..... *Jeff McDermid* 3
The Development of the American Potash Industry ..... *J. W. Turrentine* 6
Pecan Variety Performance Before and After Orchard Was Grazed ..... *J. H. Hunter* 17
Alfalfa Seed Production in Alabama as Affected by Various Treatments .. *W. E. Knight* 21

AUGUST-SEPTEMBER 1953

Little Things ..... *Jeff McDermid* 3
Potash Pays With Peanuts ..... *F. H. Jeter* 6
Rothamsted Revisited ..... *G. J. Callister* 9
Planting for Dry Spells ..... *J. Olan Cooper* 13
Strong Roots Make High Corn Yields ..... *H. J. Snider* 17
Recent Trials With Rescue Grass ..... *B. H. Hendrickson* 20

OCTOBER 1953

Corn and Kine ..... *Jeff McDermid* 3
More Effective Fertilizer Use Needed in the Northeast ..... *Mack Drake* 6
Cattle and the Farm Economy of the South ..... *Paul F. Newell* 11
Sampling Soils for Chemical Tests ..... *J. F. Reed* 13
Some Relationships Between Leaf and Soil Potassium in New Jersey Apple Orchards ..... *R. L. Wehunt and E. R. Purvis* 19
Testing and Reclaiming Alkali Soils ..... *Warren R. Schoonover* 23

NOVEMBER 1953

More Ammunition ..... *Jeff McDermid* 3
Growing Broccoli at Veg-Acre Farms ..... *William Richards* 6
Sunshine Is Our Life ..... *Frank E. Shestock* 11
The Importance of Legumes in Dairy Pastures ..... *R. E. Hodgson* 13
Boron—Important to Crops ..... *Arthur L. Prince* 17
Outdoor Manger Replaces the Old Barn ..... *R. H. Lush* 20
Conditioning Soils in the Southwest ..... *Richard M. Marshall* 22
A Convenient Quick-test for Potash in Coastal Plains Soils ..... *Seton N. Edson* 25

DECEMBER 1953

One Plus or Minus ..... *Jeff McDermid* 3
Nebuchadnezzar Ate Grass ..... *Firman E. Bear* 6
White Birch Helps Restore Potash-deficient Forest Soils ..... *Laurence C. Walker* 11
Continuous Plant Cover—the Key to Soil and Water Conservation ..... *J. H. Stallings* 13
General Rules Concerning Plant Nutrients ..... *Arthur Wallace* 21
The Share of Crop Nutrients That Comes From Fertilizer ..... *H. C. Kuthe* 25
